Sweet Thang, on my knee  
Tell me how you like it baby now, softly  
Whisper to me, tell me how  
Baby I'll give it to you good, now now now now

Sweet Thang

Sweet Thang in my room  
Making my heart pitter patter and boom boom  
Making my love tumble down  
Come on baby now shake it up now now now now

Sweet Thang

Sweet Thang, ready to go  
Got you all hot and heavy now, I know  
Don't you try to mess around  
Come on, come on, come on, come on, now now now  
now

Sweet Thang

Sweet, sweet, sweet, sweet, sweet, sweet, sweet  
Thang.
