She was givin the world  
So much that she couldn't see  
And she needed someone to show her,  
who she could be.  
And she tried to survive  
Wearing her heart on her sleeve  
But I needed you to believe

You had your dreams, I had mine.  
You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.

La dee da dee da

She was scared of it all, watching from far away.  
She was given a role, never knew just when to play.  
And she tried to survive  
Living her life on her own  
Always afraid of the thrown  
But You've givin me strength to find home.

You had your dreams, I had mine.  
You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.

She was scared,  
unprepared  
Lost in the dark.  
Falling apart,  
I can't survive.  
With you by my side,  
We're gonna be alright. (we're gonna be alright)  
This is what happens when two worlds collide.

You had your dreams, I had mine.  
You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.  
La dee da dee da

You had your dreams, I had mine.  
You had your fears, I was fine.  
Showed me what I couldn't find,  
When two different worlds collide.  
When two different worlds collide.
