What did I do to deserve this?
Tell me the truth and don't lie
You're pretty good at that
But no, not this time
You walk around like you run though,
Well, running your mouth,
And talking about me now,
They think that you're the perfect girl,
They're gonna see everything so get back

Chorus:

It's gonna come back around
You know that this town is just too small
And I'm too tall to take this again
You dress to impress
But I've got news
You know you're just gonna lose
Everything and everyone that mean so much to you

I'm feeling bad for
You are alone and nobody cares that you are
One look into your eyes,
Easy to see what you could be but you're not
I say it's time that you give in,
Since it was real, you cannot fulfill, you're over
You feel your heart beat deep down
Ignoring the shame of causing this pain,
Just get out

It's gonna come back around

You know that this town is just too small
And I'm too tall to take this again
You dress to impress
But I've got news
You know you're just gonna lose
Everything and everyone that mean so much to you

You keep hearing everything that people say
And you cant take the pain another day

It's coming back around

I told you this town was just too small

You dress to impress but you can stop now
'Cause it's gonna come back around
And around and around and around and around

Yeah yeah

It's gonna come back around
You know that this town is just too small and I'm too
tall (too tall)
To take this, take this again (whoa)
You dress to impress but I've got news
You know you're just gonna lose
Everything and everyone that mean so much to you
Everything and everyone that mean so much to you
Everything and everyone that mean so much to you.
