I could go back to every laugh
But I don't want to go there anymore and I
Know all the steps up to your door
But I don't want to go there anymore
Talk to the wind, talk to the sky
Talk to the man with the reasons why
And let me know what you find

I'll leave my window open
Cause I'm too tired tonight
To call your name
Just know I'm right here hoping
You'll come in with the rain

I could stand up and sing you a song
But I don't want to have to go that far and I
I've got you down, I know you by heart
And you don't even know where I start
Talk to yourself, talk to the tears
Talk to the man who put you here
Don't wait for the sky to clear

I'll leave my window open
Cause I'm too tired tonight
To call your name
Just know I'm right here hoping
You'll come in with the rain

I've watched you so long
Screamed your name
I don't know what else
I can say

But I'll leave my window open
Cause I'm too tired tonight
For all these games
Just know I'm right here hoping
You'll come in with the rain

I could go back to every laugh
But I don't want to go there
Anymore...
