Did you forget That i was even alive, did you forget
everything we ever had did you forget about me

Did you regret (did you regret) ever standing by my
side did you forget (did you forget) we were feeling
inside no one left to forget about us

But somewhere we went wrong we were once so strong
our love is like a song you can't forget it

So now I guess this is were we have to stand did you
regret ever holding my hand never again please don't
forget don't forget

We had it all where we were just about to fall even
more in love than we were before I won't forget I won't
forget about us

But somewhere we went wrong we were once so strong
our love is like a song you can't forget it

(Electric Guitars Come In Loudly)

Somewhere we went wrong we were once so strong our
love is like a song you can't forget it at all
(Electric guitars stop playing)
And at last all the pictures had been burned all the past
its just that we learned please don't forget us

Somewhere we went wrong once our love is like a song
but you won't sing along you've forgotten about us
don't forget
