We're like a melody with no words
Until we figure it out
We sing
La, la, la, la, la, la

I know it's simple, yeah
But it's worked right up 'til now
Cause, up 'til now, yeah

Every day's been like a dream world,
oh, but now you're not just in my head
oh, no

Will we remember different summers?
It's like tossing your heart to see where it lands
Heads is easy
Tails is harder to plan
If we're starting all over again and again and again

Oh, You know that I can't help but wonder
What's gonna happen next.
I'm a little curious, oh yeah
Every star that I stood under,
When you were under it too
Did you ever think about us?

I hope you did 'cause I can tell you
That's something I'll never forget
I won't forget

If we remember different summers
It's like tossing your heart to see where it lands
Heads is easy
Tails is harder to plan
If we're starting all over again

Only friends
Just beginning
But I hope that we find it again
So we can go from here

Will we remember different summers?

It's like tossing your heart to see where it lands
Heads is easy
Tails is harder to plan
If we're starting all over again oh-oh
Again and again and again and again
Again and again and again
Will we remember different summers?
