I've been bruised and I've been broken
Can't believe that I put up with all this pain
I've been used and I was choking on the promise
I would never fall again (umm)

I used to sing to your twisted symphony
The words that had me dropped inside your misery
But now I know the reason why I couldn't breathe

Cause all I want is everything you're not
So go ahead and slam the door
Cause you can't shut me out
No I don't
Don't care what you say
Cause all I really, all I really want is everything you're
not
(never gonna break my heart again. Never gonna see
my face again)
Everything you're not (never wanna feel this way again)

Your darkness was my weakness
But it turns out that it only went so deep. (Deep)
A meaningless diversion,
That is all that you ever meant to me (me, me, me)

And I am done with your twisted symphony
The words that had me sound like stolen poetry
I tore the pages and I can finally breathe

Cause all I want is everything you're not
So go ahead and slam the door cause you can't shut
me out
No I don't
Don't care what you say
Cause all I really, all I really want is everything you're
not
(never gonna break my heart again. Never gonna see
my face again)

I want a gentleman who treats me like a queen
I need respect, I need love. Nothing in between.
I will not spell it out for you if you can see

Cause you're not worth it. You don't deserve it.
And now I'm gone (everything you're not, not, not)
Everything you're not (not, not)
Everything you're not (not, not)
One, Two, Three!

Cause all I want is everything you're not (thing you're
not)
So go ahead and slam the door cause you can't shut
me out (shut me out)
No I don't
Don't care what you say
All I really, all I really want is everything you're not

(Never gonna break my heart again.
Never gonna see my face again.
Never wanna feel this way again)
Oh Uh Oh Oh
(Never gonna break my heart again.
Never gonna see my face again.
Never wanna feel this way again)
Oh Uh Oh Oh
(Never gonna break my heart again.
Never gonna see my face again.
Never wanna feel this way again)
