Demi Lovato
"Get Your Party On"

I saw you looking over
Now I see you moving this way
Pushing through the crowd
Like you've got something to say
But you couldn't walk
Cause the music's taken over your feet
I can tell by your toes
That you're rocking to this beat
You gotta dance till you ache
Till you drop, till you break
Free your soul Let me see you shake

One by one we're stealing the stage
Here we come so get out of our way

Chorus:
It won't be long till the summer's gone
Get your party on, so we sing along
Hold on tight it's a crazy night
Get your party on, so we're screaming out loud

I know your type and all the hype
Is going straight to your head
And everybody's stopping what their doing
Cause your face is turning red, yeah
You gotta learn how to move to the groove
Get in or get out

Put your hands in the air
Stand up in your chair and shout
You're all dolled up with nowhere to go
You wanna get out and put on a show

There's nothing wrong with staying home
As long as you've got your radio

Chorus:
It won't be long till the summer's gone
Get your party on, so we sing along
Hold on tight, it's a crazy night
Get your party, on so we're screaming
Don't wait and don't you be late

Get your party on, So sing along
Hold on tight, It's a crazy night
Get your party on, so we're screaming out loud

Come on
Dallas Texas
Bring it home
For me baby

The little things that you do
From across the room
I see you sendin' me clues
They're in the way you make me move

Chorus:
It won't be long til' the summer's gone
Get your party on, So sing along
Hold on tight, It's a crazy night
Get your party on, so we're screaming
Don't wait and don't you be late
Get your party on, so sing along
Hold on tight, It's a crazy night
So get your party on and screaming out loud

Screaming out loud
Get your, Get your
Party on

Let's do it again
