You reeled me in with your smile  
You made me melt with your voice  
Now I've been gone now for a while  
Just to find that I'm your seventh choice

And I don't wanna pay the cost  
But it'd be best if you get lost  
Because we know you'll never change

[Chorus]

Don't say that you need me  
And don't play these games with my mind  
You better get outta my head cause you're wastin' your  
time  
And don't say it's forever  
And don't play, cause you had your shot  
You better stop messin' around cause you're gonna get  
caught

You promised me all of your time  
I guess I'm not the only one  
But see it's my heart on the line this time  
I'm your number one or I'm gone

{CHORUS}

Don't say that you need me  
And don't play these games with my mind  
You better get outta my head cause you're wastin' your  
time  
And don't say it's forever

And don't play, cause you had your shot  
You better stop messin' around cause you're gonna get  
caught

Go and try to get me back  
(You won't get me back, you won't get me back)  
I won't forget about our past (I won't forget now)  
Never had the guts to leave, now you're making it  
(You know you're making it)  
Now your making it much easier for me to see

Don't say that you're sorry  
For breaking every inch of my heart  
I should've known from the start  
Now it's time to get lost

{CHORUS}

And don't say that you need me  
And don't play these games with my mind  
You better get outta my head cause you're wasting  
your time  
Don't say it's forever  
And don't play, cause you had your shot  
You better stop messin' around cause you're gonna get  
caught

You better stop messin' around cause you're gonna get  
caught
