You think that you're so slick
I got something for you
Hold that thought you're old news
Older than my old shoes
Since you like to play games
Grow up act your damn age
Trix for kids
You're so lame
Cause you never really loved me the same

Now close that door behind you (ay)
Close that door behind you (yeah)
Don't let it hit you on the way out
Ha-ay Ha-ay (yeah)
Don't let it hit you on the way out
Boy I'm not thinking bout you (nah)
Imma drink without you
Cause my girls are on the way now ha ay ha ay (yeah)
Cause my girls are on the way now
I'm on to another
Cause you changed like the weather
Say ay
I got my girls
We in the party like
Ay I got my girl
We in the party like
Ay I got my girls
We be clubbin
Go home to you're mother
Cause you're just another sucka
Say ay
I got my Girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin like

You dress like a corn ball
Smiley faces on your drawers
Immature
You're so wrong

Don't come back
You're long gone
Can't you see I'm priceless?
You don't have sense to notice it
Thought you had
A hold of this
But you never gave me loving the same

Now close that door behind you (ay)
Close that door behind you (yeah)
Don't let it hit you on the way out
Ha ay Ha ay (yeah)
Don't let it hit you on the way out
Boy I'm not thinking bout you (yeah)
Imma drink without you
Cause my girls are on the way now
Ha ay Ha ay (yeah)
Cause my girls are on the way now
I'm on to another
Cause you changed like the weather
Say ay
I got my girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin
Go home to you're mother
Cause you're just another sucka
Say ay

I got my Girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin like

My phone's on silent
I'm so tired
I don't wanna hear your name no more
I don't wanna see your face no more
(Shut shut shut shut the front door)

My phone's on silent
I'm so tired
I don't wanna hear your name no more
I don't wanna see your face no more
(Shut shut shut shut the front door)

My phone's on silent

I'm so tired
I don't wanna hear your name no more
I don't wanna see your face no more
(Shut shut shut shut the front door)

My phone's on silent
I'm so tired
I don't wanna hear your name no more
I don't wanna see your face no more
(Shut shut shut shut the front door)

I hopped to another
Cause you changed like the weather
Say ay
I got my girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin
Go home to you're mother
Cause you're just another sucka
Say ay
I got my Girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin like

I hopped to another
Cause you changed like the weather
Say ay
I got my girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin
Go home to you're mother
Cause you're just another sucka
Say ay
I got my Girls
We in the party like
Ay I got my girls
We in the party like
Ay I got my girls
We be clubbin like
