Everytime I think I'm closer to the heart  
Of what it means to know just who I am  
I think I've finally found a better place to start  
But no one ever seems to understand

I need to try to get to where you are  
Could it be, your not that far

You're the voice I hear inside my head, the reason that  
I'm singing  
I need to find you  
I gotta find you  
You're the missing piece I need, the song inside of me  
I need to find you  
I gotta find you

Oh yeah  
Yeah yeah

You're the remedy I'm searching hard to find  
To fix the puzzle that I see inside  
Painting all my dreams the color of your smile  
When I find you I'll be alright  
I need to try to get to where you are  
Could it be, your not that far

You're the voice I hear inside my head, the reason that  
I'm singing  
I need to find you  
I gotta find you  
You're the missing piece I need, the song inside of me  
I need to find you  
I gotta find you

Been feeling lost, can't find the words to say  
Spending all my time stuck in yesterday  
Where you are is where I want to be  
Oh next to you... and you next to me  
Oh I need to find you... yeah

You're the voice I hear inside my head, the reason that

I'm singing  
I need to find you  
I gotta find you (yeah)  
You're the missing piece I need, the song inside of me  
I need to find you  
I gotta find you

You're the voice I hear inside my head, the reason that  
I'm singing  
I need to find you (I need to find you)  
I gotta find you (I gotta find you)  
You're the missing piece I need, the song inside of me  
I need to find you  
I gotta find you

Yeah, yeah... I gotta find you
