"Hillbilly Love"

When a cowboy loves a cowgirl
They attract together
But when a forcefield breaks them apart
They won't survive forever
It's like "It's over", "We're done", "Forget about me"
It's like "My first boy friend already dumped me"

That's hillbilly love
That's country you see
Let's pretend that couple
Was You and Me
But then we broke up
It's not pretty like a dove
And that's hillbilly love

At our first wedding
You took the flowers from the vase
You hit me with those flowers
And I hit you with your case
It's like "I don't", "It's over", "I was wrong"
The relationship is why I'm writing this song

That's hillbilly love
That's country you see
Let's pretend that couple
Was You and Me
But then we broke up
It's not pretty like a dove

Hillbilly love
It's a country thing

When I write a song for you,
I gotta sing
But when we break up
It's not pretty like a dove
And that's hillbilly love

It's like "I don't wanna be with you"
It's like "We're done and over this time"
It's like "We don't have nothing in common"

It's like Uh... I ran out of rhymes

That's hillbilly love
That's country you see
Let's pretend that couple
Was You and Me
But then we broke up
It's not pretty like a dove

Hillbilly love
It's a country thing
When I write a song for you,
I gotta sing
But when we break up
It's not pretty like a dove
And that's hillbilly love
Hillbilly Love
Hillbilly Love
