Woke up this morning  
Drank some coffee  
Love in a big mail truck is all I need

There's only one thing I should do

Just smile like you mean it  
Smile like you mean it  
Smile (Smile) Smile (Smile)  
Let shine every morning  
Smile like you mean it  
Let me see you smile

In a big world  
In a free country  
Anywhere you go show it off

There's only one thing you should do

Just smile like you mean it  
Smile like you mean it  
Smile (Smile) Smile (Smile)  
Let shine every morning  
Smile like you mean it  
Let me see you smile

There's only one thing I should do

Just smile like you mean it  
Smile like you mean it  
Smile (Smile) Smile (Smile)  
Let shine every morning  
Smile like you mean it  
Let me see you smile
