How does she know that you love her
How do you show her you love her
How does she know that you really, really, truly, love
her

It's not enough to take the one you love for granted
You must remind her or she'll be inclined to say

How do I know he loves me
How do I know he's mine
Does he leave a little note to tell you
you are on his mind
Send you yellow flowers when the sky is gray yeah

He'll find a new way to show you
a little bit everyday.
That's how you know
That's how you know he's your love.

Everybody wants to live happily ever after
Everybody wants to know true love is true

How do you know he loves you
How do you know he's yours
Does he take you out dancing just so he can hold you
close

Dedicate a song with words meant just for you

He'll find his own way to tell you
with the little things he'll do
That's how you know
That's how you know he's your love.

He's your love
How do you know
How do you know

How does she know you that love her
How do you show her you love her
How does she know that you really, really, truly, love
her

That's how you know he's true
Because he'll wear your favorite color
just so he can match your eyes.
Rent a private picnic by the fire glow oh oh

His heart will be yours forever
something everyday will show
That's how you know
That's how you know
That's how you know
That's how you know, he's your love.
