She was in a rut-She was given the world  
So much that she couldn't see  
And she needed someone to show her,  
Who she could be.  
And she tried to survive  
Wearing her heart on her sleeve  
And I needed you to believe  
You had your dreams, I have mine.  
You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.  
La dee da dee da  
She was in her room, watching from far away.  
She was givin a rule, watching from far away.  
She was given the rule, never knew just when to play.  
She was given a role, never knew just when to play.  
And she tried to survive  
Living her life on her own  
Always afraid of the phone-Always afraid of the thrown  
You're going to need the strenth to find home.  
-You had your dreams, I have mine.

You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.  
She was scared,  
Lost in the dark.  
Falling Apart,  
I can't survive,  
With you by my side.  
We're gonna be alright.  
This is what happens when two worlds collide.  
You had your dreams, I have mine.  
You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.  
La dee da dee da  
You had your fears, I was fine.  
Show me what I couldn't find,  
When two different worlds collide.  
When two different worlds collide.
