Tell me what to do about you  
I already know what I can see in your eyes  
When you're selling the truth  
'Cause it's been a long time coming  
So where you running to?  
Tell me what to do about you

Chorus:  
You got your way of speaking  
Even the air you're breathing  
You could be anything  
But you don't know what to believe in  
You got the world before you  
If I could only show you  
But you don't know what to do

Tell me what to do about you  
Something on your mind  
Baby all of the time  
You could bring out a room  
Oh yeah  
This day has a long time coming  
I say it's nothing new  
Tell me what to do about you

You got your way of speaking  
Even the air you're breathing  
You could be anything  
But you don't know what to believe in  
You've got the world before you  
If I could only show you  
But you don't know what to do

You think about it  
Can you ever change?  
Finish what you started  
Make me want to stay  
Tired of conversation  
Show me something real  
Find out what your part is  
Play it how you feel

Tell me what to do, about you  
Is there anything, anyway  
Won't break us in two  
'Cause it's been a long time coming  
I can't stop loving you  
Tell me what to do about you

You got your way of speaking  
Even the air you're breathing  
You could be anything  
But you don't know what to do believe in  
You've got the world before you  
If I could only show you  
But you don't know what to do  
Ooh  
You could be anything  
But you don't know what to believe in  
World before you  
Show you  
But you don't know what to do  
Yeah
