I wanna get you by yourself  
Yeah, have you to myself  
I don't need nobody else  
Don't want nobody else  
He's special, I know  
His smile it glows  
He's perfect it shows  
Let's go

I've been staring atcha  
And I could do it all night  
You're lookin' like an angel  
That kind of body, needs a spotlight

Ain't nobody know your name  
But lookin' like you do, could be famous  
I could see us makin' waves  
From the back of the club  
To a bed in the shade now

Don't know who you are  
But you look like a star  
And everybody have me thinkin'  
Who's that boy  
Wanna take you home  
And getcha all alone  
And everybody here is thinkin'  
Who's that boy

Oh he got me  
No I've never seen  
No one like him  
Damn he's everything  
Girls they want him  
Guys they wanna be  
Who's that boy  
Who's that boy

Who, who, who, who, who....  
You could say that I'm distracted  
At how you got me so attracted  
But boy I tell you what the fact is

Is no one else in this room  
That could rock it  
Like you, you do

Ain't nobody know your name  
But lookin' like you do, could be famous  
I could see us makin' waves  
From the back of the club  
To a bed in the shade now

Don't know who you are  
But you look like a star  
And everybody here be thinkin'  
Who's that boy  
Wanna take you home  
And getcha all alone  
And everybody here is thinkin'

Who's that boy

Oh he got me  
No I've never seen  
No one like him  
Damn he's everything  
Girls they want him  
Guys they wanna be  
Who's that boy  
Who's that boy

Who's that, who's that  
Who's that, who's that  
Who's that boy

Everybody in the club turn around sayin'  
Who's that, who's that  
Beautiful boy with them big brown eyes tell me  
Who's that, who's that

I've got my eye on this boy  
Can't get him off my mind  
He's one of a kind  
The cherry to my pie  
I just want to get him close  
Wanna make him mine  
Come hold my hand  
And dance away the night  
Give me the green light  
Kiss my lips

Who's that boy, watchin' my hips  
I, I, I wanna know who you are

My name is DEV  
And you can be my star

Don't know who you are  
But you look like a star  
And everybody here me thinkin'  
Who's that boy  
Wanna take you home  
And getcha all alone  
And everybody here is thinkin'  
Who's that boy

Oh he got me  
No I've never seen  
No one like him  
Damn he's everything  
Girls they want him  
Guys they wanna be

Who's that boy, who's that boy  
Who's that boy, who's that boy  
Who, who, who, who, who....

Who's that boy  
Tell me who's that, who's that  
Who's that
