Sometimes I don't know whether I should wish for a  
new one

Sometimes I wanna be alone

Yet others I wanna be with you

And I hear those things you say about me

And I know just who's gonna get in trouble this time

I need you to know tomorrow I'll throw you away

And I want you to know I won't be crying for that long

Cuz the world around me is pulling me strong

And I thought I could love you once more

Well I was wrong I was wrong

Sometimes I want you to know that I'd wish you away

Sometimes I don't know yeah

Yet others I know just what I want and what I need yeah

And I hear all the names you call me

And I know just who's gonna get in trouble this time

I need you to know tomorrow I'll throw you away

And I want you to know I won't be crying for that long

Cuz the world around me is pulling me strong

And I thought I could love you once more

Well I was wrong I was wrong

Sometimes I can't see

At others it all comes so clearly

Yeah sometimes I can't breath like when you are next to  
me

I know just who is gonna get in trouble this time

I need you to know tomorrow I'll throw you away

And I want you to know I won't be crying for that long

Cuz the world around me is pulling me strong

And I thought I could love you once more

Well I was wrong I was wrong

I was wrong ooooh yeah
