Birth of new life  
Hope of this world  
Smothered since birth  
Estranged of what is true

Elders their dreams are lies  
Spoken behind my back  
Piercing through my mind  
I don't see what you see

Stagnant this view I see  
Frozen deep within  
Raving in lunacy  
I am lost within

Strange man in me  
Unleashed my hate  
Stares back through hell  
In darkness I dwell

Aimless path  
To the end  
Forever  
Your words betray

Stagnant this view I see  
Frozen deep within  
Raving in lunacy  
I am lost within

Crestfallen life  
Your words betray  
Crestfallen life  
Lead me astray
