Music & Lyrics: LindÅ©n, Kiiski

I shall befall thee  
In the sullen halls of dark oblivion  
In an evintide of abysmal grief  
Hybrid form of life  
Hidden from the immortal  
Your soul will burn through time  
The dark realm dwells in no light

Dismal dreams of lives forgotten  
In the visions of my slumber  
They lie silent in chasms  
The bleeding eyes of sorrow

The gathering of miserable beings  
Grievous existence underwent to the end

In blackness they mourn  
The soul of sorrow now bleed in tears  
I shall befall thee  
In the sullen halls of dark oblivion  
In an evintide of abysmal grief  
Hybrid form of life  
Hidden from the immortal  
Your soul will burn through time  
The dark realm dwells in no light

Dismal dreams of lives forgotten  
In the visions of my slumber  
They lie silent in chasms  
The bleeding eyes of sorrow

Frozen eyes gazing to stillness  
Beckoning into the dark  
Summoned to the vale of tears  
To feel the appearance of grief

Slumber of sullen eyes (repeat)
