

## Demiricous

### "Appreciation For Misery"

Visit "[Appreciation For Misery](#)" on MotoLyrics.com

Bile washing oral drainage skin

These thieves are on the battleground again

Naked is addiction through the nose

Pressures that are lurking w/ the floods

A need to suffer grow the character

Another product of the warning

Embrace intentions of the terror

Condition disorder unstable

Choking down the arteries of breath

Ashes of revenge are on the path

Cavities in cells and nurse the lice

Drowning in insomniatic waves
