

## Demiricous

### "Expression Of Immunity To God"

Visit "[Expression Of Immunity To God](#)" on MotoLyrics.com

Violence addled dislocated drunk

Walking on constricted vital signs

Preying on the health of mortal skull

Lurking vision pale hands wrapped in pain

Zombie

Crawling through the ground with endless skill

Hunting earth to numb untranquil brains

Broken lungs & rancid oral steam

Through the bone the medication lays

Burn rot want waste

Pale hostage to death

Endless history

Nobody will ever die

Expression of immunity to god
