When the stars begin to shine  
The wind is flowing through my mind  
Flocking waves the sea arise again  
A vision calling from the sea  
I see a clogging-up to me  
I feel a strange force  
Pulling me off of you

Annabella  
Annabella it's you

And when we dance again  
Up in the velvet sky  
The moon is rise and high  
We have to say goodbye

Ahhh yeah .....

The dawn is rising from the east  
And seabirds call me back to be  
Alone without your memories once more

The sand is warm beneath my feet  
To stay again and I must live the time  
The time I am forced to spent without you

Annabella  
Annabella  
Without you

And now you're gonna dream  
I kissed and touched your hair  
And that our love is shared  
Before we say goodbye

Ahhh yeah

When the sun has gone to sleep  
And seabirds rest their weary wings  
Fairy nights with candle light and stars

Melt the skies, a deeper blue

I am here, but where are you ?  
Can't you hear me calling you on the sea ?

Annabella  
Annabella  
Come to me
