A lonely room and empty chair  
Another day so hard to bear  
The things around me that I see remind me of  
The past and how it all used to be

From souvenirs to more souvenirs I live  
With days gone by when our hearts had all to give  
From souvenirs to more souvenirs I live  
With dreams you left behind  
I'll keep on turning in my mind

There'll never be another you  
No one will share the worlds we knew  
And now that loneliness has come to take your place  
I close my eyes and see your face
