I want to live
Where they'll change what they have done
Yeah
I must die
Cold and shunned by the sun
Yeah
Why should I stay
Where there are people that hate
The things I need
And making me wait
Yeah
They will teach you the hows instead of the why's
They will turn your truth into lies
I feel like crying
When I'm groping for a way to stop it from going
Cause I want it,
Want it to stay
Yeah
They will teach you the hows instead of the why's
They will turn your truth into lies try, look and
understand
I needed you to take hold of my hand
And pull me up, yeah
I feel but I can't, yeah
Yes I do
I want to, I want to live
Yes, I want to live yeah, yeah
To feel and...
I'm gonna lose it, yeah
