Oh, it's morning in my head
Its spinning round
I had a girl
When I came in
That's when I woke up
She was gone ...
[interlude]
Oh, it's morning in my head
Its spinning round
I had a girl
When I came in
That's when I woke up
She was gone
[interlude]
Oh, it's morning in my head
Its spinning round
I had a girl
When I came
That's when I woke up
She was gone ...
La la la la la la la la la la
La la la la la la la la la la
La la la la la la la la la la
