The land is starving  
it needs watering  
The birds on the trees  
won't open the spring  
for the rain won't fall here  
and the grass is no green  
the birds are singing  
they need some raining  
the birds on the trees  
would [...]  
for the rain won't falling  
and the grass is no green  
the grass is no green  
the grass is no green  
the grass is no green

chirping and ...  
lovers are sleeping at the oak tree  
which love is lighter in  
love didn't light  
where the grass is no green [interlude]

The land is starving  
it needs watering  
The birds on the trees  
won't open the spring  
for the rain won't falling and the grass is no green  
the birds are singing  
they need some raining  
the birds on the trees  
would  
and the grass is no green  
the grass is no green  
the grass is no green  
the grass is no green  
chirping and ...  
lovers are sleeping at the oak tree  
which [love is lighter in  
love didn't light  
where the grass is no green

The birds stop singing

they need some raining  
the birds on the trees  
would  
for the rain wouldn't falling

and the grass is no green  
the grass is no green  
the grass is no green  
the grass is no green
