The promise that I never asked for  
Yet somehow I long for was my only possession  
A shelter and changing through fire and rain

A reason to go on and live for  
Never took the game for and afraid of the seasons

The lost dream that found me  
And I loved again  
An hour, do I go from here

I love you forever  
You meant it when you said it  
I love you, I still do  
What will I do without you?

It can't be, just simply can't be  
You and I can't take it we've been [through] of  
moments

Tomorrow will guide us  
Tomorrow will show I love you forever  
You meant it I know  
An hour, do I go from here  
[interlude]

I love you, I still do  
What will I do without you?

It can't be, just simply can't be  
You and I can't take it we've been [through] of  
moments

Tomorrow will guide us  
Tomorrow will show  
I love you forever  
You meant it I know

The promise, the promise
