Velvet mornings will come every new day  
Golden sunrise and the scent of rain  
Whisper softly a melody of love words  
In ecstasy as you lie sleeping close to me

Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiii  
Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiii  
Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiii  
Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiiiiiiiiiiiii

Velvet mornings gently touching my face  
Come and find me in your warm embrace  
As you wake up and smile to me you make real  
My reverie and my world begins and ends with you

Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiii  
Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiii  
Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiii  
Triki, triki, triiiiiki, triiiki, triki, Mon Amour, triki, triki,  
triki, triiiiiiiiiiiiiii
