Do you remember the night when you said you
Was givin' it all to Jesus?
How you'd been in the bondage of sin
And then you was ready to cut loose
When you said you wanted to be free
They took you seriously
There's a star by your name in the Book of Life
Angels are watching you overtime
They can't understand why a child of the King
Would be happier living with swine
There's a star in the Book of Life
When are you gonna wake up and figure out
What you've been doin'?
I'm gonna show you what's goin' on up there
To save your life from sin
Rise up out of the mire
Know you are God's desire
Come home baby, please come home
