Everyday the dreamers die  
To see what is on the other side  
Now it's time for your fate  
Plant a demon seed  
You rise a flower of fire  
See the burning crosses  
See the flames, and higher  
I'm free to fly the crimson sky  
The sun won't melt my wings, tonight  
Do you see the light?  
It's the chance of life-time  
Our future won't see the light of the day  
I feel the fire but I want more  
I feel the healding, the sweet sin  
But bitter the taste in my mouth  
I want to feel sunlight on my face  
I scorch the earth, set fire to sky  
Stop so low reach so high...  
I've spoken the tongue of angels  
I've held the hand of the devil  
I've dreamt a dream about the sun  
I took the poison from the poison stream
