

## Demise "Remains Of Yesterday"

Visit "[Remains Of Yesterday](#)" on MotoLyrics.com

Remains of yesterday  
Looking through times which pass  
I'm trying to reach my memory  
As deep as I can  
I hear and see fly fairest remembrances  
Independent wiring inside of me

Deep in me - only my thoughts  
Deep in me - just my desires

The reality lost it's meaning  
I just know the secrets of my sins  
Everything I did and what I stopped to do

Deep in me - only my thoughts  
Deep in me - just my desires

Events went one after another  
They're following me, step by step  
And I try to escape but every next trail  
Mission abandoned

Remains of yesterday  
Tomorrow will not be the same  
I see through times  
I can not stop

Deep in me - only my thoughts  
Deep in me - just my desires
