"Life Is A Coma"

Human cesspool,
the breeding never stops
Like rats,
like plague,
like aeons puking
Heel down,
to besiege a dying nature
Unknowing bastard breed,
of our own failure

Befoul the earth,
with our birthings of sickness

Life is a coma,
we only await to die
Life is a coma,
we only await the cleansing day

Comatose and bleeding,
let dying take effect
Its emptying your lifesblood,
feeding until you're dead

Never awaken your daydream,
a life where all have a meaning
Not that of a destroying breed,
a pest upon all the breathes
