"Endangered Species"

What makes you breed like rabbits
Is it just religious habit
What makes you die like flies
Have you ever sussed the reason why?
WE ARE THE ENDANGERED SPECIES
WE CAN BLOW OURSELVES TO PIECES
Human life is cheaper now
It's time they killed that sacred cow

Sold to fear before the altar
Led just like a lamb to slaughter
WE ARE THE ENDANGERED SPECIES
WE CAN BLOW YOU ALL TO PIECES
You bury your head in the sand
You never try to understand
Why so much greed and corruption
Martial army's the lucky patron
