Well my misery's without company  
My partners in crime have been taken from me  
We used to laugh about our legacy  
Couldn't get arrested on MTV  
Johnny Thunders was a New York Doll  
He cared so much he didn't care at all  
Stiv Bator went to catholic school  
Turned his sins into something cool  
AND THE SCUM LIVES ON  
ALL MY FRIENDS ARE GONE  
WHY THEY GOTTA DIE SO YOUNG  
AND THE SCUM LIVES ON  
Brian Jones and Keith Moon had style  
Bon Scott was a problem child  
Rob Tyner bugged the F.B.I.

Was Abbie Hoffman really suicide?  
Jesse Helms' gonna live forever  
Jimmy Swaggart's gonna live forever  
Dan Quayle's gonna live forever  
Ronald Reagan already lived forever  
Reverend Donald Wildmon will live forever  
Rush Limbaugh's gonna live forever  
All the politician's gonna live forever  
Nixon taught them all how to live forever  
I'd hate to think it's conspiracy  
No one's left who makes sense to me  
The immoral majority adding insult to my injury
