"You Crusified Me"

Good intentions pave the road to hell
Can't reform the faithful infidel
When's love's a creature comfort of the night
It leaves you cold to face the morning light
YOU DRINK MY BLOOD
YOU ATE MY FLESH
YOU ROLLED AWAY THE STONE
YOU WOKE THE DEAD

YOU SAID WE'D LIVE FOREVER
BUT INSTEAD
YOU CRUCIFIED ME
You came you saw you conquered now you fall
Everything for nothing none for all
Grand delusions up against the wall
The legend grows the picture just gets small
