### "Expressing The Heart"

Black and white  
Expressing the heart of our time  
Old and young  
Expressing the heart of our time  
You and me  
We, have so much to learn  
We speak as children do  
Without fear of our lives  
Love and hate  
Expressing the heart of our time  
Things we say  
Expressing the heart of our time  
You and me

We, have so much to learn  
We speak as children do  
Without fear of our lives  
Black and white  
Expressing the heart of our time  
Old and young  
Expressing the heart of our time  
Love and hate  
Expressing the heart of our time  
Things we say  
Expressing the heart of our time
