Shattered bone.
Stench of gasoline smoke and blood.
D.O.A.
Loss of control.
Intoxicated.
Final approach.
An early grave.
Merging man and machine.
Synthesized.
Impact breaks your neck like a twig.
Integrate.
Twisted crucifixion - contorted.
Unidentified.
Once a human being.
Now gracefully distorted.
Mass velocity.
A grotesque twisted portrait.
Obsessed with power and destroyed by speed.
Abuse of power melding man and machine.
