Barbiturates and alcohol. Crashing through your veins  
like  
Wrecking ball. Amphetamine and narcotic blur.  
Morality. Crash  
And burn. Pathetic waste of a life. Human mistake a  
liar. Only  
Do enough to get by. Excrement of society. Master -  
deceit.  
You deserve to die. Blood sucker. Excess. Animal. Low  
life, low  
Life, low life, no life. Begging like a starving dog.  
Stealing  
Like a weasel no remorse. At all. Vindicate your soul not  
an  
Easy thing. Mark your prey. There's no stopping. Judas.  
Prey  
Upon naive. Unfortunate. Victims, striking like a snake.  
Try to  
Find a way to justify. Treason, a staple of your life.
