Somewhere inside a raging storm  
Is waiting to be free  
The balance hangs on one slim thread  
A twisted nerve could blow it  
All around the heat is on  
Confusion. Confusion  
A finger hitches on a trigger  
Another mark of the gun  
It's a sign of a madman  
Losing his control  
It's a sign of a madman  
Losing everything  
An insane act where genius reigned  
The traitor came to light  
He swore you were the chosen one  
Who'd come to take his place  
Now it seems you're showing signs  
Of stress. Distress  
The sentence passed upon yourself  
There's no way out of here  
It's a sign of a madman  
Losing his control  
It's a sign of a madman  
Losing everything  
How does it feel to be alone in there  
How does it feel to be alone in there  
Nothing is real now you're alone in there  
Nothing is real now you're alone in there  
You're all alone in a crowded room  
Surrounded by your fate  
In the grip of all your plans  
You didn't even know it  
Now the shadows hide the one  
Who lies in wait  
Looking for a place in history  
How many more like you?  
It's a sign of a madman  
Losing his control  
It's a sign of a madman  
Losing everything  
It's a sign of a madman  
Losing his control

It's a sign of a madman  
Losing everything
