I will stand and fight to justify you  
You have bled and died to justify me  
I will stand and fight to justify you  
You have bled and died to justify me

Force me down into hate  
Your freedom will stop when you break  
I'm takin' the path that I don't need  
I'm takin' the place so it won't bleed  
Broken out and turned away  
Burned to the ground and change the face  
Bled to death and turned to gray  
Resurrect again to say

I made my promise  
And now I've fallen  
Through broken pieces I see you

I will stand and fight to justify you  
You have bled and died to justify me  
I will stand and fight to justify you  
You have bled and died to justify me

Let me see it all die in front of myself so I can't lie  
A hollow design for the new side  
Exterior death for the old side  
This is the end of the last time  
Bury the old and say the name  
Break the mold and new remain  
Resurrect again to say

I made my promise  
And now I've fallen  
Through broken pieces I see you  
(You)

I made my promise  
And now I've fallen  
Through broken pieces I see you  
(You)

I will stand and fight to justify you  
You have bled and died to justify me

I will stand and fight to justify you  
You have bled and died to justify

A lifeless body  
A broken soul  
I fall to zero  
I've lost control  
A lifeless body  
A broken soul  
I fall to zero  
I've lost control  
Lost control  
I've lost control  
Lost control  
(I've lost control)  
Lost control  
(I've lost control)  
I've lost control

I will stand and fight to justify you  
You have bled and died to justify me  
I will stand and fight
