You'll find me face down, hands bound, ready for the
blade to make me two
If judgment falls to meet this ground, that fate will run
me through
No day of wrath will see me break for that faithless
breath of shame
When the heretics come to make that list, be true to
speak my name

Leave all you see
The curse of man is dead, the hourglass turned on its
head
And every care will fade away
To wake a new day

Chorus:
Take every throe within us all
The very breath inside our soul
We bleed the life into your hold
The very death of our control

No man can bring a fatal sting and I laugh at the
gallows thrall
Just line it tight around my neck so my words will break
that fall
Fall

Leave all you see
The curse of man is dead, the hourglass turned on its
head
And every care will fade away
To wake a new day

(Chorus)

That final day will fall
And those who curse the sky will face the earth
The many turn to one
The God of Gods' own righteous son
Begging for that second birth

(Chorus)
