You'll find me face down hands bound
Ready for the blade to make me two
When judgement falls before this ground
That fate will run me through
No day of wrath will see me take
That faithless breath of shame
When the heritics come to make that list
Be true to speak my name

Leave all you see

The curse of man is dead
The hourglass turns on its head
And every care will fade away

To wake a new day

Take every throe within us all
Every breath inside our soul
We breathe the life into your whole
The very death of our control

No man can bring the fatal sting
And I laugh at the gallows thrall
Just tie it tight around my neck
So those words will break my fall

Fall

Grand Finale
