So now you try but the blade is primed
To just cut you down again
To no avail, this fix divine
Was wrought to do you in

Seemingly endless, beckoning debt, beckoning debt
Vacant and nameless, where is the end?
Aching just to endure again sweet loss, sweet loss
Abide again to feel, this is real

Just breathe, suffer again
Look back, stand in the wake and breathe
Wait for the end
Fight back, this isn't over

One single touch will further crush
Your corrupted state of mind
You carve the way for regret
To take you further down the line

Seemingly endless, beckoning debt, beckoning debt
Vacant and nameless, where is the end?
Aching just to endure again sweet loss, sweet loss
Abide again to feel, this is real

Just breathe, suffer again
Look back, stand in the wake and breathe
Wait for the end
Fight back, this isn't over

Suffer again
Look back, stand in the wake and breathe
Wait for the end
Fight back, this isn't over

Just breathe, suffer again
Look back, stand in the wake and breathe
Wait for the end
Fight back, this isn't over

Suffer again
Look back, stand in the wake and breathe

Wait for the end
Fight back, this isn't over
This isn't over
This isn't over
