Words of high cost
(You spit a curse at my name)
When thoughts of hate cross
(I can't devour your blame)

This is your choice
(This is your hammer to crush)
I have no voice
(You're not the hand that I trust)
Throw it down on me, throw it down on me

Before you break your silence
Before we tear this open
We'll count the dead and hopeless
For every word unspoken

Thoughts, like blood run
(Forever staining our hands)
Mouth like cold gun
(Before the barrel we stand)

The latest and the last
(You put a price on my head)
The latest and the last
(The worst is already said)
Throw it down on me, throw it down on me

Before you break your silence
Before we tear this open
We'll count the dead and hopeless
For every word unspoken

Before you break your silence
Before we tear this open
We'll count the dead and hopeless
For every word unspoken

Spilling through your teeth
You're sick of what you've seen
You point your guilt at every step
We took in loyalty

Spilling through your teeth
You're sick of what you've seen
You point your guilt at every step
We took in loyalty

Before you break your silence
Before we tear this open
We'll count the dead and hopeless
For every word unspoken

Before you break your silence
Before we tear this open
We'll count the dead and hopeless
For every word unspoken

Throw it down on me, throw it down on me
Throw it down on me, throw it down on me
Throw it down on me, throw it down on me
Throw it down on me, throw it down
