Oh

Tear at the voice inside
[Incomprehensible] a deeper tomb
And all the self can finally
Resonate, resonate, resonate, resonate

Tread on the path of pride
You can be the God
And let the faith become your
Enemy, enemy, enemy, enemy

Breathe redemption into wasted life
Closer, closer
Find the wrath of God inside your eyes
Closer, closer

Breathe deep
And as the fear before you falls
I know the pain is so unsettling

Breathe deep
So now you've built a thousand walls
But in the end it's all unraveling

Stand with a worthless sign
Wave it in the path
Of every face you cannot
Tolerate, tolerate, tolerate, tolerate

Breathe redemption into wasted life
Closer, closer
Find the wrath of God inside your eyes
Closer, closer

Breathe deep
And as the fear before you falls
I know the pain is so unsettling

Breathe deep
So now you've built a thousand walls
But in the end it's all unraveling

This is the last day that you will regret
Wake from your sleep and never forget
This is the last day that you will regret
Closer, closer

Breathe deep
And as the fear before you falls
I know the pain is so unsettling

Breathe deep
So now you've built a thousand walls
But in the end it's all unraveling

Breathe deep
And as the fear before you falls
I know the pain is so unsettling

Breathe deep
So now you've built a thousand walls
But in the end it's all unraveling

Closer, closer, closer, closer
