Most the cards and letters now a days
Request the formula for my success
Honestly, it's still a mystery
Just how a man like me can be so blessed

Give it all to Jesus
Ready, Steady, Go
Give it all to Jesus
Ready, Steady, Go

I've seen the family slave to get ahead
And I've seen the families fallin' all around
Always too tired to go to church instead
The only place to lay your burden down

Are you ready for
Are you ready for
What are you waiting for
Ready, Steady, Go

Here I go again singin' songs
I already sang the things I want to say
I ain't seen repetition steer me wrong
So I guess I'll sing it to you once again
