I promise I would be there  
I swear I'm on my way  
I know you may not hear me  
But that's the price I'll pay

And I don't know  
How I would ever go  
All alone walking on my own

Like angels, you were floating to me  
And that's how it should be

'Cause I don't wanna waste another moment  
I don't wanna pay for things unspoken  
I just wanna race with arms wide open  
Take a shot in the dark, to be where you are

I don't wanna watch the world keep changing  
When I'm not with you my heart keeps shaking  
Cover up my eyes and just stop pacing  
Take a shot in the dark, to be where you are

I promise you I'm gonna be there  
I wanna be there  
No matter what happens  
No matter how tragic

'Cause the clock is ticking  
The world is spinning  
Our lives are passing us byyyyy [continues into next  
verse for about 4 beats]

'Cause I don't wanna watch the world keep changing  
When I'm not with you my heart keeps shaking  
Cover up my eyes and just stop pacing  
Take a shot in the dark, to be where you are  
Take a shot in the dark...
