Do you remember the night when you said
You was givin' it all to Jesus?
How you'd been in the bondage of sin
And then you was ready to cut loose?

When you said, you wanted to be free
They took you seriously

There's a star by your name in the book of life
Angels are watchin' you overtime
They can't understand why a child of the king
Would be happier livin' with swine
There's a star in the book of life

When are you gonna wake up and figure out
What you've been doin'?
I'm gonna show you what's goin' on up there
To save your life from ruin

When you said, you wanted to be free
They took you seriously

There's a star by your name in the book of life
Angels are watchin' you overtime
They can't understand why a child of the king
Would be happier livin' with swine
There's a star in the book of life

Rise up out of the mire
Know you are God's desire
Come home baby
Please come home, yeah, yeah

There's a star by your name in the book of life
Angels are watchin' you overtime
They can't understand why a child of the king
Would be happier livin' with swine
There's a star in the book of life

There's a star in the book of life
There's a star in the book of life
