Mom here's is a song that's just for you
A card that says thanks for all that you do
You know you're so special in so many ways
& now that your here we'd just like to say

Thank you for all of the love that you give me
It stays inside & forever lives with me
&thank; you mom for the little things that you do

You wipe our nose & bleach all of our white clothes
Thank you for all of the hugs and kisses
Your better than a fairy at granting wishes
Like making soup just appear & oatmeal cookies too
You have the power to make us take a shower

So don't forget your mom on a special day
Pick her up some flowers put your toys away
Make her a card or make her a scarf
She wipes off our tears & cleans up our barf

Thank you for all of the love you give me
It stays inside & forever lives with me
& thanks again for the little things that you do

You sew our buttons & toast us English muffins
You know just what to say to me to make nightmares go
Away
A personal physician or fixing up prescriptions
You love us even when we sing the mom song
We love you mom song.
